ERIC YARBROUGH

Austin, Texas | (512) 758-9169 | ea.yarbrough98@gmail.com | GitHub

SUMMARY

Originally an Anthropology major I have seen the light and now I'm wading through the coding waters. I might be new to this, but I'm a problem solver and am strongly determined to find the solution to anything.

EDUCATION

The University of Texas at Austin – *Online Coding Boot Camp*   11/2020
 Full-Stack Web Developer

The University of Texas at Austin
B.A., Anthropology | Minor in Government   05/2020

PROJECTS

I'll Be Honest   09/2020
– Full-stack group project about a hobby enthusiast social media app
– Built the back-end server to track user creation, posts, upvotes, and comments
  o Utilizing: ExpressJS, MySQL, Sequelize, and testing with Insomnia
  o Following the M.V.C. Paradigm

Worth My Time   07/2020
– Front-End group project that allows users to search for movies to watch with the ability to watch trailers and save movies with LocalStorage
– Worked with the YouTube API and wrote JavaScript to house the movie trailers
  o Utilizing: JavaScript (Fetch requests)

SKILLS

HTML, CSS, JavaScript, jQuery, AJAX, Bootstrap, React, NodeJS, ExpressJS, O.O.P., M.V.C. Paradigm, MongoDB, MySQL, P.W.A., M.E.R.N. Stack

TOOLS

Git, NPM, Heroku, BenchmarkJS, Chrome DevTools, Insomnia, IndexedDB, Sequelize, Mongoose

OTHER

Fluent in Spanish
